Description of good practice (max 250 characters), including the aim of the activity; indicator(s); used measures and tools; results and achievements; communication related activities.	<p>Põlva County Administration sometimes gives small gifts to citizens for their good deeds, to visitors and when visiting someone. They prefer local products for gifts. Since 2009 environmentally friendly products made in Põlva county have a label "Põlvamaa Green Label", which proves that the product is made from local and environmentally friendly material and in an environmentally friendly way. Some of the gifts that they give out are herbal tea, ecological hand-made soaps, healthy chocolate bars with honey etc. The gifts have a special design. Also, in the local health conference "Eat Consciously" the performers were given local hand-made bread and other healthy food products as gifts.</p>

	<p>Preferring local organic producers environmentally friendly business is supported as well as organic production is promoted in a wider sense.</p> <p>To find and contact the producers the contacts of the employees were used.</p> <p>The unique gifts have drawn a lot of positive attention, which has resulted in promoting the producers, improving Põlva county's reputation and introducing its slogan "Greener Life".</p>
