<b>Environmental aspect/management aspect</b>	Green Procurement Policy (GPP)
<b>Description of good practice (max 250 characters).</b>	<p>We included Green Public Procurement (GPP) in our Environmental policy and we are applying green products and services approach throughout our activities. Internally and externally.</p> <p>We changed all our detergents and paper with certified ones (Ecolabel). We only buy electronic equipment with high energy class (Energy Star) and environmental label.</p> <p>When preparing tenders for subcontracting in our project work we include the GPP criteria as part of the requirements for the future subcontractor.</p> <p>We are disseminating such policies with our members, everyday suppliers and customers.</p>
<b>Cost/payback period</b>	NA
<b>Challenges in implementation</b>	We were told by one funding programme to delete the GPP criteria from our tender procedure and accused of being discriminatory!!! Totally the opposite of what the EC is talking about and encouraging.
