Environmental aspect/management aspect	waste, transport, energy, water , holding meetings/seminars
Description of good practice (max 250 characters), including the aim of the activity; indicator(s); used measures and tools; results and achievements; communication related activities.	<p>Starman decided to replace the device with water container to a device that is connected to central water system so that the employees are now drinking filtered tap water.</p> <p>The aim of the good practice is to reduce waste (water containers), offer water with a better quality and to save costs.</p> <p>The indicator is the savings on expenditures.</p> <p>As a result, the consumed water is with a better quality and there is no more waste regarding water bottles. Also, there are some savings on costs.</p>
Cost/payback period	device: ~700€, maintenance cost: 30€ per year.
Challenges in	Connecting the new device with the central water system.
